

Holmfirth

Junior, Infant and Nursery School

May 21st 2020

Dear Nursery Children,

Hope you are enjoying your time at home? We are missing you all so much. Hopefully we will be back at nursery soon!

If we were in school we would be learning about Food. Here are some ideas for you to do at home.

- Look at foods in your cupboards and find out where they come from.
- Follow a recipe to make something healthy, using scales or spoonfuls to measure the ingredients.
- Look at stickers and labels on fruit and vegetables to find out where they were grown.
- Look at stories about food eg. Oliver's Fruit salad, Oliver's Vegetables, The Very Hungry Caterpillar.
- Plant some vegetable seeds in the garden.
- Have a family walk looking at fruit and vegetables growing in gardens and allotments. (lovely allotments in Wooldale with a variety of fruit bushes and vegetables and scarecrows)
- Make a scarecrow for your garden, also see if any of your neighbours or friends would like to make one so you could have a scarecrow trail on your street or around your village.
- Take photos of any activities you do to put in your memory box.

Keep Safe. Hope to see you all soon

Love from Mrs. Charlesworth & Mrs. Greaves.
