

Holmfirth JIN: Y6 Whole School Learning Project 5 – Sport

Weekly Maths Tasks – Try to at least one every day

- Practise Times Tables on [Purplemash](#), on websites from our school website, on apps you may have or on paper.
- Play on [Hit the Button](#) or [Train Maths](#) for practice at speeding up your mental maths.
- [White Rose](#) maths lessons – They have online video tutorials to help you to understand. We will publish the questions and answers on the school website every week.
- Statistics – create your own family data about sports. Organise a set of sporting events- maybe in your garden, time your family members completing the events. Can you rank your family members or create a set of statistics for them?

Weekly Reading Tasks – It’s a lovely thing to be ‘lost’ in a good book. Make sure that you find time to read at least once a day.

- You could read a story with somebody in your family or even read to a younger brother or sister.
- Listen to your child read and let them discuss what they have read. Encourage them to read with expression and intonation.
- You might try to find a good story about sports to enjoy or a non-fiction book about famous sporting events. Twinkl have reading comprehensions about British female athletes here - <https://www.twinkl.co.uk/resource/lks2-inspirational-british-female-athletes-differentiated-reading-comprehension-activity-t-e-2548894>
- Why not use your reading time to research the controversial 1936 Olympics held in Berlin. There are lots of websites which describe the event. Make sure the websites you use are suitable for your age group – you might need a parent to help you.

Weekly Spelling Tasks – Try to do at least one every day.

- You might make a list of 10 sports that you really like and learn how to spell them correctly. Learn to spell ‘Olympics.’
- Spend a bit of time most days on [Nessy](#).
- You might make a quiz from your letters by replacing them with numbers – see the grid below – and see if a family member can work out what the word is.

A	B	C	D	E	F	G	H
1	2	3	4	5	6	7	8

I	J	K	L	M	N	O	P
9	10	11	12	13	14	15	16

Q	R	S	T	U	V	W	X	Y	Z
17	18	19	20	21	22	23	24	25	26

Weekly Writing Tasks – Try to do one each week.

The Olympics and Paralympics were due to take place this summer in Tokyo. It has been postponed due to the coronavirus.

In 1936 Germany held the Olympics in Berlin. These turned out to be one of the most controversial Olympics ever held and was the last Olympics held for 12 years due to the outbreak of war.

You can research the 1936 Olympics here - <https://www.olympic.org/berlin-1936>

You might like to do some of the following writing activities:

- A fact file about Jesse Owens – A fascinating athlete who disrupted Hitler’s belief that he could use the 1936 Olympics to promote the Arian race.
- A report about the history of the Olympic and Paralympics. Think about how world events have shaped the Olympics/Paralympic or the worlds view of athletes.
- A leaflet about your top 5 Olympic/Paralympic events.
- You could also think about the impact of postponement on the athletes who have trained for years for this event. Why not write a diary as an athlete who has been training and made the

team for their country? How do you think they would be feeling?

- If you could meet one of your sporting heroes, who would it be and what would you ask them? Write a list of questions for an interview!

Learning Project 3 – ‘Sport’

This project for home learning is all about sports. This gives you all an opportunity to learn more about the history of the Olympics, big events such as the 2020 Olympics and Paralympics which have been postponed until 2021, sporting heroes you might have as well as physical challenges you might set yourself.

Let’s Wonder

About the Ancient Greeks who started the Olympics. Look at this webpage from BBC Bitesize to help you.
<https://www.bbc.co.uk/bitesize/topics/z87tn39/articles/z36j7ty>

Let’s Create:

You could make up your very own sport, including rules, equipment needed and a scoring system. Why not test the sport out by having a go in your garden and let us know how it went!

Be Active:

Your daily exercise might be Joe Wicks at 9am each day and Go Noodle has dances that are a good fun way of exercising. Have you ever set yourself any sporting challenges? Why not try to have a go this week and see how you do.
We recommend that you do at least 2 hours of exercise a week.

Understanding Others and Appreciating Differences

In our everyday lives, many of us enjoy taking part in different sports. Some people like to play team games such as football and cricket, others might prefer to take part in more solo sports such as tennis, cycling or running. Which sports do you prefer to do and why?

Reflect:

The Paralympics has also been postponed until 2021. Research it here - <https://www.paralympic.org/tokyo-2020>. Discover the amazing strength and resilience of all the Paralympic athletes. Can you find any other big sporting events that have had to be either cancelled or postponed?

Time to Talk:

As a family you could talk about the sporting activities that you currently do and how they compare to what you were doing before we had the lockdown due to the coronavirus. What do you enjoy about these sports and are you missing them?

Extras:

Find your own activities from these learning resource websites for free.

Twinkl – Code **CVDTWINKLHELPS** for free access.

Classroom Secrets – Free packs and interactive resources.

White Rose – Online maths lessons with a video that explains how to do it.

Mindfulness – If you get an adult to google ‘GoNoodle Mindfulness’ (keeps you safe online), we know you like these videos and they might help you at home.

Solveemoji – great little quizzes for keeping that maths mind active

BBC Bitesize - lessons for a range of subjects.
