

Hello Reception children, parents and carers,

I hope you have had a good half term. The weather was so lovely, I hope you managed to get out a little bit and enjoy it despite the restrictions. I spent a lot of time in my garden- looking after my vegetables, making some new garden paths and digging up weeds! Have a look at this week's science activity, you will be able to learn more about weeds and wild plants.

Do you know the names of all these weeds?

Spencer bear has got a question for you to read, he wants to see how well you are doing at your phonics home learning.

Floppy had a pain in his tail. Can you see him by the tree?

This week's whole school learning project is 'under the sea.' I hope you enjoy learning about sea creatures, you could do some lovely art work too. Don't forget you can send any of your work for us to see at our new home learning email address.
