

Hello Reception children, parents and carers,

How are you all? I hope you are feeling ok, being good, doing lots of lovely learning and enjoying being with your family. If you do lots of learning this week you can print off one of our new certificates? You can choose the football, heart, trophy or star.

I was very lucky this weekend and saw my big boy Tom and his girlfriend Kate. I was VERY happy. I have missed them so much. It was Kate's birthday so I did some sewing for her. Sewing is another one of my hobbies. What are your hobbies? It is nice to have something you enjoy doing and makes you feel happy. My hobbies are walking, gardening, sewing and baking. What are yours? Spencer says his hobbies are sleeping, eating honey and sleeping some more! (Lazy Spencer!)

The plants in my garden have enjoyed the rain but I keep getting wet when I go for a walk!

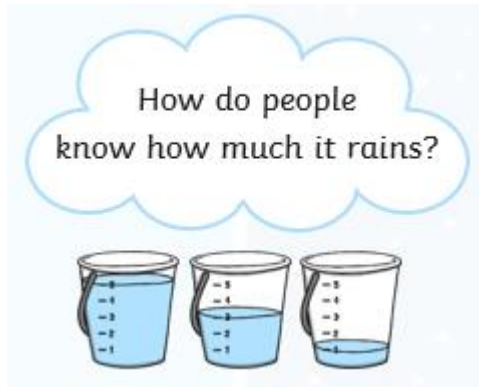

This week Spencer says-

Put a
coat on
in the
rain.

This week our whole school learning topic is still 'Space.' I hope you are enjoying it and learning lots of new things.

Our science work this week is about the rain, it's a shame we weren't trying to catch the rain this weekend! We could have collected loads! We will be thinking about: -

Look out for this later in the week.

Don't forget you can send any of your work for us to see at our new home learning email address.
