second, year

*Spag: To write lists correctly using commas. (Look at the next page for a bit of help.)*

*Choose a sentence that has a list in it. You could use topics such as toys, fruits, animals, sports and so on.*

*E.g. My favourite sports are tennis, swimming and cycling!*

# Using Commas in Lists

Commas are used **between** items in a list.

- 1) Put a comma after every word in the list except the last one.
- 2) Put an '**and**' or an '**or**' between the last two words.

I didn't know whether to laugh, cry **or** scream.  
The monster was gigantic, hideous **and** smelly.

If the **last two items** in the list **already** have '**and**' between them, you need to add a **comma** and an '**and**' before them.

We had soup, bread, **and** fish **and** chips.
