

# WHAT MAKES AN AMAZING SCHOOL?

---

IS IT THE BUILDING? THE TEACHERS? THE LESSONS? THE TRIPS? RESOURCES?  
EXTRA CURRICLULUM ACTIVITES? OR SOMETHING ELSE.....

# WA: THINKING ABOUT WHAT MAKES AN AMAZING SCHOOL

---

Can you name the films these schools appeared in?

What makes these schools special?

Which of these schools would you like to go to? Why?

# TASK: TO DESIGN THE WORLDS GREATEST FANTASY SCHOOL

Your task is to create a fantasy school. It can be as wild and exciting as your imagination.

You can present your school in any form. It could be a PowerPoint, leaflet or design brochure. You could even make a model of your school.

Try to include the following:

1. The Building – what style of school - modern futuristic building, old castle, underwater bio dome etc...
2. The Teachers – who will be your teachers, will David Beckham teach PE or Mary Berry teach cooking.
3. The Lessons – What do you want to learn about? Magic potions or free running skills.
4. School Trips – Where will the pupils go on school trips – Deep sea diving in the Caribbean or snow boarding in the Alps.
5. Extra Curriculum activities – What afterschool clubs will you run? Scootering or BMX biking

# THE BUILDING:

Bio Dome?

Lighthouse?

- Task One:

Design the school building. What will your school look like? Remember to think about the outdoor space will you have a swimming pool or sports facilities. Maybe you have woods or a beach.
