today I saw trees...

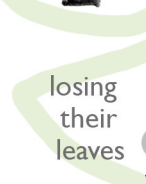

with bare branches

with blossom or flowers

covered in leaves

losing their leaves

Horse Chestnut

Find leaves to match these shapes

Sycamore

Hawthorn

This leaflet was produced by Friends of Greenhead Park, a group of volunteers who help keep the park safe, attractive and well used. Our website www.friendsofgreenheadpark.org.uk tells you more about what we do and how to join us - and there's information about events in the park and other children's nature activities. Leaflet content and design by Jo Blaker www.joblaker.com

Marsh Gates

pick up a magic wand

make a potion in a puddle!

measure trees with hugs!

how many people does it take to hug the biggest tree you can see?

close your eyes, listen to the trees

what do you hear?

clap! click! whistle! sing!

make music in the bandstand

find the statues

create a pose!

how long can you hold it?

bird spotting at the lake

which birds can you see?

Trinity St. Gates

who is bigger? you or your shadow? Make funny shadow shapes!

play word-tennis with a partner
Tree Bark Dog Fur squirrel Tree

look for shapes in the clouds - can you see animals? dragons?

make nature art with sticks, stones & leaves

look for colours in nature, can you find every colour in the rainbow?

find the highest point in the park
count the number of steps!

search for textures

use the spotting sheet word lists to help you

find the best smelling flower, but leave it for the bees and butterflies!

make friends with a mini-beast & count the number of legs!
