Week Commencing

Monday 20 April 2021

This week we are sending our PAL (parent assisted learning) home for the first time. There is a phonics and a maths activity. We have also included some 'star moments' slips, these can be filled in at any time and returned to school when you would like to share something with us. PAL day will be Wednesday so please ensure the black books are in your book bag on this day.

We have also sent home an A4 piece of paper with your child's name on, we would love it if they could make a cover for their book. The cover could include pictures of things they are interested in.

**Our phonics focus this week are the letters**

**i n m d**

**Our maths focuses this week are the numbers**

**3 and 4**

**and we will be measuring different heights using bricks, sticks and rulers**

This week is the nation's annual celebration of recycling, we will be thinking about how we can help take care of our planet.

PE is every Wednesday – this half term we are focusing on different ways of moving. Please send your child in sensible clothing and please tie back long hair.

Outdoor learning is every Friday – please send your child in wellies every Friday.
