

# Investigating our local area

Dear Parents/Carers,

On Thursday 17 February we will be going on a trail around Holmfirth. We will be studying geographical features, environmental issues and Historical places in the town centre. We will also be learning about fair-trade.

This trip will take most of the day (they will be back for PE at 2.15pm) therefore children will need to wear comfortable footwear and appropriate warm clothes for the weather on that day. Can they also bring a **back pack** to hold their lunch? They will need their hands free to complete fieldwork so this is really important.

If they normally have school dinners this will be provided by school so there is nothing extra to think about. We will be stopping in Victoria Park for lunch so you could provide extra drinks or snacks for our 'little explorers'!

Kind Regards

Jane Perrons and Mrs Turner
