

5 October 2022

Dear parents,

We have been studying water and rivers this half term and have been lucky enough to have the expertise of Rosie Taylor, our outdoor learning leader throughout the topic.

On Thursday 13th October 2022, we are going to go out and investigate our local river system. In the morning we will walk and look at the River Holme along its journey. We aim to arrive at Sands recreation area by lunchtime. In the afternoon, we will be joined by Rosie and will carry out further studies of the river. We will return to school for our normal finish time. Your children will need to bring a packed lunch on this day, we will have lunch at Sands. They also need to be dressed in appropriate clothing for the weather. Wellies would be ideal, please let us know if we can help if your child requires the loan of some!

We are really looking forward to the day, your children have worked so hard on this topic, we think that this will bring all the classroom work to life!

As ever, please do not hesitate to get in touch if you have any questions.

Many thanks,

Year 5 team.
